

**BUCKINGHAM AND RIVER OUZEL INTERNAL DRAINAGE BOARD  
POLICY STATEMENT ADDENDUM – ASSETS IN DRAINAGE DISTRICT**

**ASSET LIST 2018**

**Trash Screen Inspection Regime and Emergency Works**

The Board's asset inspectors carry out a monthly check on a schedule of culverts, trash screens and locations identified as being prone to blockage and flooding.

- 1: Kickles Lodge Flood Bank, Newport Pagnell
- 2: Lakes Lane, Newport Pagnell
- 3: Caldecote Street, Newport Pagnell Flap Valve
- 4: Kingston Bridge
- 5: A421 Culvert
- 6: Amazon Warehouse Outfall
- 7: Amazon Warehouse Balancing Reservoir
- 8: Walnut Tree Grill
- 9: Belvedere Farm, Fenny Stratford
- 10: National Bowl Weir
- 11: Loughton Brook, Teardrop Lakes
- 12: Lodge Lake, Loughton
- 13: Blue Bridge
- 14: Stonebridge
- 15: Stoke Hammond Lock
- 16: Meadow Way, Leighton Buzzard
- 17: Eggington Brook FSA
- 18: Stanbridgeford Bridge
- 19: Honeywick Farm, Eaton Bray
- 20: The Rye, Eaton Bray
- 21: Cow Lane, Eddlesborough
- 22: Sluice, Slapton Lock
- 23: Ledburn
- 24: Shipton Bridge, Shipton

- 26: Three Bridge Mill Sluice

- 27: Twyford Mill Sluice
- 28: Twyford Mill under house
- 29: Fringford Mill
- 30: Fringford Bridge
- 31: Stoke Lyne

In addition to this, during times of heavy rain and elevated water levels in the watercourses, the Board's workforce are tasked with carrying out additional checks on the system to ensure the network is free flowing.

#### **Reservoirs and Maintenance of Structures and SuDS**

The Board carries out annual maintenance of the following reservoirs that are currently not classed under the Reservoirs Act 1975, although the reservoirs will be reviewed if modified or legislation changes as proposed by the Flood and Water Management Act 2010.

Eggington Brook Flood Storage reservoir  
Amazon SuDS pond  
Marston Gate SuDS ponds

The following developments include onsite surface water management infrastructure that form strategic and integrated Sustainable Drainage Systems (SuDS). The strategic and watercourse assets have been or are due to be adopted by the Board for future management and maintenance.

Brooklands Phase 1 - SuDS adoption and increased maintenance on Broughton Brook.

## ENVIRONMENT AGENCY MAIN RIVER ASSETS 2018
