

## ***Local Government Pension Scheme 2014 (LGPS) - Employer Policy Statement***

The new pension scheme rules, which apply from 1 April 2014, require each scheme employer within the LGPS to publish a statement with regards to how the employer will respond to discretionary aspects of the scheme rules and regulations.

The Employing Board for the Bedford Group is the Bedfordshire and River Ivel Internal Drainage Board.

This statement will be published on the Bedford Group of Drainage Boards website and will also be made freely available in other ways such as employee briefings and inclusion in employee handbooks

The date of this publication is: 20<sup>th</sup> June 2014

The effective date of this policy is: 1<sup>st</sup> April 2014

This is the formal employer's policy in respect of the employer that is currently known as:

Bedfordshire and River Ivel IDB

This policy applies to:

Prospective members, current contributory members and pensioner members of the Local Government Pension Scheme (LGPS), and their dependants.

Where quoted regulations\* refer to:

The Local Government Pension Scheme Regulations 2013, or The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014.

This statement will be reviewed every three years, or sooner if there is a significant change. You should obtain the latest version of this document before making any decisions in respect of your retirement provisions as the situation may have changed.

You are advised to read this statement in conjunction with the information provided in respect of the benefits provided by the LGPS – the occupational pension scheme provided by the Board

This policy does not convey any form of contractual rights for LGPS/staff members. The policy will be reviewed and may be subject to change, only the version of the policy that is 'current' at the time at which an event occurs will be the one applied for the purposes of LGPS benefits or membership.

In publishing this policy the scheme employer is required to pay due regard to the requirement that the formulated policy and its application and the extent to which the exercise of the discretions could lead to a serious loss of confidence in the public service;

The Board will not use this policy for any ulterior motive, it will ensure that such discretions will be exercised reasonably and where a cost is incurred it will only be used when there is a future benefit to the employer for incurring the extra costs that may arise or be associated with the discretion. It will ensure that where exercised any discretions that incur additional costs, will be applied and recorded as appropriate.

## **Local Government Pension Scheme 2014 (LGPS) - Employer Policy Statement**

**Employer discretions required under:**

**The Local Government Pension Scheme Regulations 2013 [prefix R]**

**The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014 [prefix TP]**

### **Regulation R16 (2)(e) & R16 (4)(d)**

Whether, how much, and in what circumstances to contribute to a shared cost APC scheme.

The Scheme employer may resolve to fund in whole or in part any arrangement entered into by an active scheme member to pay additional pension contributions by way of regular contributions in accordance with Regulation 16(2)(e), or by way of a lump sum in accordance with Regulation 16(4)(d).

The Scheme employer may enter into an APC contract with a Scheme member who is contributing to the MAIN section of the Scheme in order to purchase additional pension of not more than the additional pension limit (£6,500 from 1st April 2014 subject to annual increase in line with the Pensions (Increase) Act 1971).

The amount of additional contribution to be paid is determined by reference to actuarial guidance issued by the Secretary of State.

Consideration needs to be given to the circumstances under which the Scheme employer may wish to use their discretion to fund in whole or in part an employee's Additional Pension Contributions.

*The Board's Policy is not to contribute to a shared APC scheme.*

### **R30(6)\* & TP11(2)**

Whether all or some benefits can be paid if an employee reduces their hours or grade (flexible retirement)

An active member who has attained the age of 55 or over and who with the agreement of their employer reduces their working hours or grade of employment may, with the further consent of their employer, elect to receive immediate payment of all or part of the retirement pension to which they would be entitled in respect of that employment as if that member were no longer an employee in local government service on the date of the reduction in hours or grade (adjusted by the amount shown as appropriate in actuarial guidance issued by the Secretary of State – separate policy required under Regulation 30(8)).

As part of the policy making decision the Scheme employer must consider whether, in addition to the benefits the member may have accrued prior to 1 April 2008 (which the member must draw), to permit the member to choose to draw all, part or none of the pension benefits they built up after 31 March 2008 and before 1 April 2014 and all, part or none of the pension benefits they built up after 1 April 2014.

Due consideration must be given to the financial implications of

allowing an employee to draw all or part of their pension benefits earlier than their normal retirement age.

*The Board's policy is to consider all requests for flexible retirement on a case by case basis subject to there being:*

*1) No adverse impact on service delivery as a result of the reduction in hours/grade.*

*(2) No receipt of a greater income for the employee by way of combined pension and pay following flexible retirement.*

*(3) A minimum period of time for the reduction in hours/grade to apply.*

*(4) A commitment to remain in the Board's employment for a minimum period after the flexible retirement.*

*(5) If flexible retirement is agreed the Board will allow the employee to draw all, part or none of their pensionable benefits built up after 31<sup>st</sup> March 2008 and before 1<sup>st</sup> April 2014 and all, part or none of the pension benefits they built up after 1<sup>st</sup> April 2014.*

### **R30(8)\***

Whether to waive, in whole or in part, actuarial reduction on benefits paid on flexible retirement. Whether to waive, in whole or in part, actuarial reduction on benefits which a member voluntarily draws before normal pension age.

Where a Scheme employer's policy under regulation 30(6) (flexible retirement) is to consent to the immediate release of benefits in respect of an active member who is aged 55 or over, those benefits must be adjusted by an amount shown as appropriate in actuarial guidance issued by the Secretary of State (commonly referred to as actuarial reduction or early payment reduction).

A Scheme employer (or former employer as the case may be) may

agree to waive in whole or in part and at their own cost, any actuarial reduction that may be required by the Scheme Regulations.

Due consideration must be given to the financial implications of agreeing to waive in whole or in part any actuarial reduction.

*The Board's policy is to apply this discretion with caution, on a case by case basis, where it is in the Board's interest to do so.*

### **TP Sch 2 para 2(2)**

Whether to "switch on" the 85-year rule for a member voluntarily drawing benefits on or after age 55 and before age 60.

Where a scheme member retires or leaves employment and elects to draw their benefits at or after the age of 55 and before the age of 60 those benefits will be actuarially reduced unless their Scheme employer agrees to meet the full or part cost of those reductions as a result of the member otherwise being protected under the 85 year rule as set out in previous Regulations.

So as to avoid the member suffering the full reduction to their benefits the Scheme employer can 'switch on' the 85 year rule protections thereby allowing the member to receive fully or partly unreduced benefits but subject to the Scheme employer paying a strain (capital) cost to the Pension Fund

*In some circumstances the Board will "switch on" the rule of 85. Consideration and approval of any case will be by the JMC or any JMC Sub-Group set up to advise on pay and conditions of employment.*

### **TP Sch 2 para 2(3)**

Whether to waive on compassionate grounds the actuarial reduction applied to benefits from pre 1/4/14 membership where the employer has switched on the 85-year rule for a member voluntarily drawing benefits on or after age 55 and before age 60.

So as to avoid the member suffering the full reduction to their benefits the Scheme employer can 'switch on' the 85 year rule protections thereby allowing the member to receive fully or partly unreduced benefits but subject to the Scheme employer paying a strain (capital) cost to the Pension Fund

*The Board's policy is not to exercise this discretion at the present time.*

### **R31**

Whether to grant additional pension to an active member or within 6 months of ceasing to be an active member by reason of redundancy or business efficiency (by up to £6,500 p.a.)

A Scheme employer may resolve to award

- (a) an active member, or
- (b) a member who was an active member but dismissed by reason of redundancy, or business efficiency, or whose employment was terminated by mutual consent on grounds of business efficiency,

additional annual pension of, in total (including any additional pension purchased by the Scheme employer under Regulation 16), not more than the additional pension limit (£6,500 from 1st April 2014 subject to annual increase in line

with the Pensions (Increase) Act 1971).

Any additional pension awarded is payable from the same date as any pension payable under other provisions of the Scheme Regulations from the account to which the additional pension is attached.

In the case of a member falling within sub-paragraph (b) above, the resolution to award additional pension must be made within 6 months of the date that the member's employment ended.

*The Board's policy is not to exercise this discretion at the present time.*

The Local Government Pension Scheme Regulations 2007  
(as amended) [prefix B]**

Whether to waive, on compassionate grounds, the actuarial reduction applied to deferred benefits paid early under B30

(as amended) [prefix L]**

*The Board's policy is not to exercise this discretion at the present time.*

Where an active member changes employment or there is a material change which affects the member's pensionable pay during the course of a financial year, the Scheme employer may determine that a contribution rate from a different band (as set out in Regulation 9(2)) should be applied.

Where the Scheme employer makes such a determination it shall inform the member of the revised contribution rate and the date from which it is to be applied.

*The Boards will initially review contributions after six months and then will review on an annual basis each April.*

### **R17(1) – Additional Voluntary Contributions**

An active member may enter into arrangements to pay additional voluntary contributions (AVCs) or to contribute to a shared cost additional voluntary contribution arrangement (SCAVCs) in respect of an employment. The arrangement must be a scheme established between the appropriate administering authority and a body approved for the purposes of the Finance Act 2004, registered in accordance with that Act and administered in accordance with the Pensions Act 2004.

The Scheme employer needs to determine whether or not it will make contributions to such an arrangement on behalf of its active members.

*The Board's policy is not to contribute to any such arrangements.*

### **R21(5) – Assumed Pensionable Pay**

A Scheme employer needs to determine whether or not to include in the calculation of assumed pensionable pay, any 'regular lump sum payment' received by a Scheme member in the 12 months preceding the date that gave rise to the need for an assumed pensionable pay figure to be calculated.

*The Board's policy is not to include any regular lump sum payment in the calculation.*

### **R22 - Merging of Deferred Member Pension Accounts with Active Member Pension Accounts**

A deferred member's pension account is automatically aggregated with their active member's pension account unless the member elects within the first 12 months of the new active member's pension account being opened to retain their deferred member's pension account.
