

**BEDFORD GROUP OF DRAINAGE BOARDS**

# **GUIDANCE TO LOCAL AUTHORITIES WHEN MAKING APPOINTMENTS TO IDBs**

---

## **GOVERNANCE**

---

**Review date: April 2022**

**To be reviewed every 5 years**

**Next review date: April 2027**

**Reviewed by: Joint Management Committee**

### **Adopted by:**

Alconbury & Ellington Internal Drainage Board  
Bedfordshire & River Ivel Internal Drainage Board  
Buckingham & River Ouzel Internal Drainage Board

This Guidance is intended for Local Authorities when making appointments to the Bedford Group Drainage Boards (IDBs). The Guidance clearly sets out the role of appointed members and describes the skills IDBs need and the contribution they expect from those members.

<b>14. CAN BOARD MEMBERS GET ACCESS TO INDEPENDENT PROFESSIONAL ADVICE, IF NECESSARY?.....</b>	<b>7</b>

## **1. What are the Board's objectives?**

- 1.1. Reduce the risk to people, property, infrastructure and the natural environment by providing and maintaining technically, environmentally and economically sustainable flood and defences within our watershed catchment areas.
- 1.2. Become the local delivery partner of choice for all flood risk management services in our watershed catchment areas, by working closely with other Flood Risk Management Authorities, partners and stakeholders.
- 1.3. Enable and facilitate land use for residential, commercial, recreational and environmental purposes in our watershed catchment areas, by guiding and regulating activities that would otherwise increase flood risk.
- 1.4. Nurture, enhance and maintain the natural habitats and species which exist in and alongside watercourses and other flood risk management infrastructure in our watershed catchment areas.

## **2. What is the role of appointed members?**

- 2.1. Appointed members should constructively challenge and help develop proposals on strategy. They should scrutinise the performance of management in meeting agreed goals and objectives and monitor the reporting of performance. They should satisfy themselves on the integrity of financial information and that financial controls and systems of risk management are robust and defensible. They should keep their Council apprised of all IDB plans, decision making and discussion.
- 2.2. The role of appointed members has never been as important as it is today. With the implementation of the Flood and Water Management Act, Lead Local Flood Authorities are charged with taking the lead on all surface water drainage and water level management issues within their areas. IDBs and other Flood Risk Management Authorities will therefore need to work much more closely on a range of issues, and opportunities for collaborative working should be fully exploited to avoid unnecessary duplication of effort and increased cost to the Council taxpayer.

## **3. Why is objectivity and independence so important?**

- 3.1. Appointed members do not represent the Council – they represent the interests of the urban drainage ratepayer. As members of the Board they are duty bound to consider all proposals in the context of what is in the best interest of the Board, which may on occasion be different to what is in the best interest of their Council. All members must take decisions objectively in the interests of the Board.

## **4. What does the legislation say about appointing members?**

- 4.1. The number of members that a Council is entitled to appoint will depend on the proportion of the Board's expenses that are raised from the charges levied on such a Council, subject to this number not exceeding by more than one the number of elected Board members. This number is reviewed by the Board every 3 years, in accordance with Schedule 1, Part 2, Section 6 of the [Land Drainage Act 1991](#). A Council does not have an obligation to appoint members to serve on the Board. However, the Board actively encourages each constituent Council, as a key partner, to take up its full entitlement and make their appointments, subject to the following:
- 4.1.1. A Council should not just appoint anyone to serve on the Board: they should appoint persons who know the area or have relevant knowledge/experience, and crucially have shown capacity in such matters. (Schedule 1, Part 2, Section 5, Sub Section 2 of the Land Drainage Act 1991). It is important to note that appointed members do NOT have to be Councillors.
- 4.1.2. They must also not seek to appoint a person who is an un-discharged bankrupt or who has made a composition or arrangement with their creditors during the last 5 years. (Schedule 1, Part 3, Section 9, Sub Section 1 of the Land Drainage Act 1991).

## **5. How will the Board interpret the legislation when a Council seeks to appoint members?**

- 5.1. Each Council should provide the Board's Chief Executive with the names, addresses and telephone numbers of all those persons that it would like to appoint in writing (email addresses would also be helpful). The number of applicants must not exceed the Council's entitlement. Crucially such applicants should be able to satisfy at least one of the following conditions and the Council should state which of these qualifications is being claimed for every applicant, when applying:
- 5.1.1. The applicant must have lived within the Internal Drainage District for a period of not less than 5 years in the last 10 years, as their permanent residence and be able to demonstrate considerable local knowledge of the Drainage District. Or
- 5.1.2. The applicant must have worked in one or more of the following types of business for a period of not less than 5 years within the last 10 years: Flood Risk Management, Land Drainage, Water Level Management, Civil/Mechanical Engineering, Local Government, Land/Estate Management, Plant/Asset Management, Environmental Stewardship, Recycling, Health and Safety Management or Building/Construction. Or
- 5.1.3. The applicant must have worked at a senior level as a qualified professional in any organisation for a period of not less than 5 years within the last 10 years: for example as a Civil/Mechanical Engineer, Legal Advisor, Accountant, Management

Consultant, Insurance Advisor, Investment Advisor, Planning Consultant, ICT Consultant or Marketing/PR/External Communications Consultant. Or

- 5.1.4. The applicant must have run their own business(es) successfully for a period of not less than 5 consecutive years within the last 10 years and be able to demonstrate that they possess key commercial skills, which will benefit the Board. Or
  - 5.1.5. The applicant must have an in-depth knowledge of the Planning process and be able to demonstrate that they are capable of ensuring drainage issues are properly integrated into the process. Or
  - 5.1.6. The applicant must possess proven personal qualities and be in a position of influence within their appointing authority that will assist the Board to fulfil its role.
- 5.2. Where a Council is entitled to appoint a relatively high number of members, it would be preferable for them to promote a mixture of individuals who can cover the full range of relevant knowledge and experience required (items 1 to 6 above). This is to ensure that the Board has access to all the skills needed to meet the expectations of its other partners and stakeholders.

## **6. What should the personal attributes of appointed members be founded on?**

- 6.1. They should be based on:
- Integrity and high ethical standards
  - Sound judgement
  - The ability and willingness to challenge and probe
  - Strong interpersonal skills

## **7. How will the Board consider an application from the Council to appoint members?**

- 7.1. When seeking to make appointments to the Board a Council may be required by the Board to provide evidence that the applicant satisfies the legal requirements, as stated above. Otherwise the Board will approve all applications that satisfy these requirements, subject to the appointees' agreement to comply with the [Members Code of Conduct](#). All members are required to complete and submit a Declaration of Interests Form within 28 days of the Board receiving formal notification of the new member. The new member should also provide full contact details and a recent photograph for inclusion to the Board's website. It is important to note that the Board may ultimately decide not to accept the appointment of persons where the Council is unable to demonstrate that those persons comply with the legal requirements, or where they fail to submit the required information within a reasonable timeframe.

## **8. Will Board members be paid a salary?**

- 8.1. No: Board members are not employees. However, the Board does reimburse its members certain expenses they incur.

## **9. Will Board members be given appropriate training/induction to properly fulfil their role?**

- 9.1. Yes. Board members will be provided with the necessary training to properly fulfil their role. Soon after appointment, the Board will arrange to provide a comprehensive, formal, and tailored induction. We will also arrange for site visits and meetings with senior management and the Board's Internal Auditor, if requested. Members will also be encouraged to liaise with other members, officers, and partners between Board meetings to get a more detailed understanding of the issues.

## **10. How should Board members handle confidential information?**

- 10.1. All information acquired during an appointment is confidential to the Board and should not be released, either during the appointment or following termination to third parties (by whatever means), without prior clearance from the Chairman or the Chief Executive.

## **11. What is the time commitment?**

- 11.1. Overall, we anticipate a time commitment of 8 days a year after the induction phase. This will include attendance at Board meetings, the dates, times and venue for which are published on our [website](#), and training. In addition, members will be expected to devote appropriate preparation time ahead of each meeting. If a member is also asked to serve on one or more of the Board's committees this will be covered in a separate communication to them setting out the committee(s)'s terms of reference, time commitment and any specific responsibilities that may be involved etc.

## **12. Are Board members insured?**

- 12.1. Yes. Full details of the Board's Insurance policies can be found in the Induction information pack, which is made available to members on appointment. The pack can also be accessed from the Board's Chief Executive. Contact details are shown on the Group's [Organisation](#) page.

### **13. How will the performance of Board members be assessed?**

13.1. There is no statutory requirement for the performance of individual members, the Board, and its committees to be evaluated. However, it is good practice to do so and this is something the Board does periodically. Members should also attend as many Board meetings as possible and actively contribute to the decision-making process at these meetings. The attendance register and minutes of the Board meetings are published on our website.

### **14. Can Board members get access to independent professional advice, if necessary?**

14.1. Yes. Occasions may arise when an appointee considers that they need independent professional advice in the furtherance of their duties as a member of the Board. Any current member may obtain such independent advice at the Board's expense if the Board so determines by resolution. All such resolutions will be recorded in the Board's minutes, which will be published on the Board's website.
